

ARNAV KATYAYAN

FULL STACK DEVELOPER

SUMMARY

Dynamic and proactive software engineer with 3 years and 3 months of hands-on experience in both frontend and backend technologies.

EXPERIENCE

USEReady Technology Pvt Ltd (Nov 2021 – Present)

Senior Software Engineer - Product Development

As the cornerstone of USEReady's offerings, **Pixel Perfect** product delivers robust capabilities for seamless report generation from Tableau across various formats, including PDF, PPT, Excel, Dynamic PDF, Dynamic CSV, HTML, and others. Notable clients such as FIS, Morgan Stanley, Citigroup, and DBS have entrusted us with their reporting needs.

Key Responsibilities:

1- **Agile Development:** Spearheaded the development of product features and enhancements with a sprint-oriented approach, meticulously adhering to the Scrum methodology. This ensured swift adaptation to evolving client requirements and market demands.

2- **Client-Centric Focus:** Engaged in the refinement of both general availability features and client-specific functionalities, aligning closely with customer expectations to deliver tailored solutions.

3- **Technical Advancements:** Drove initiatives encompassing application logic refinement, UI enhancements, and performance optimization, elevating the overall user experience and operational efficiency.

4- **Team Development:** Provided mentorship to onboard and nurture six new colleagues, facilitating their seamless integration into the team and fostering a culture of continuous learning and growth
